

Low-Cal Jelly Roll – July Lotto

How about a “low-cal” jelly roll with your salad supper? Who wouldn’t want a jelly roll to take home...and it could be you!

Type of fabric:

Nature Colors! Imagine taking a walk in the woods...think of what you would see. Remember all the **natural colors and designs**...trees, leaves, ferns, wild flowers, critters, sky, lakes, birds, dewdrops, etc.

Cut Jelly Roll Strips:

1. Press fabric. Straighten edge.
2. Cut 1- 2 ½” wide strip x width of fabric of a **light** nature fabric.
3. Cut 1 – 2 ½” wide strip x width of fabric of a **medium to dark** nature fabric.
4. Safety pin both strips together for one chance to win the lotto drawing.

*You may try for additional chances, but please use different fabrics for each entry.
