

# Red Hot with Dots

February Lotto Block

## Background:

8" x 10" Red rectangle

Red family (reds, red orange, red violet, pinkish-red, cherry-red, etc.)

## Dot:

Any contrasting color

**Any size circle** that fits on red background.

## Lightweight Fusible:

Size to accommodate circle.

## Method:

1. Trace circle onto lightweight fusible (must be able to stitch through). You may cut away the center of the circle for more softness in the finished dot.

2. Following manufacturers instructions, press circle onto wrong side of "dot" fabric.

3. Cut out dot on drawn line.

4. Position dot on background wherever your little ol' heart desires (pun for Valentine's) staying at least 1/2" away from the cut edge.

5. Press onto background.

The winner will stitch the dots onto the background rectangles with their choice of stitch. You may enter more than one block, but please use different fabrics.
