

Do You See What I See?

September Lotto

Remember, long ago when we were kids, riding in the car...seemed like FOREVER...bored and you used to play games with your siblings...like, "Do you see what I see?" You would look for a particular car, a tree, an animal, flowers, buildings, etc. Or, "I see something...that flies" or "I see something...that's red" and you would have to guess what they were looking at? The games lasted until it all degenerated into a squabble because your sibling was touching YOUR part of the car seat! Ah, the memories!

Win the lotto and make a quilt with lots of fun things to look for. Create memories for the recipient so he or she will remember 'spying' fun objects with you.

Let's all bring 6" squares of special things...frogs, airplanes, kittens, horses, whatever fun picture fabrics you can find in your stash.

Method:

Cut a 6" cotton square with any object on it. (Square may be one object or an all-over print of several fun things).

You may enter more than one square, but please cut a different object for each entry. Happy quilting!
